

Campus Safety and Security Report 2024

Updated as of September 21, 2024

Copyright © 2024 Pima Medical Institute

In 1990, Congress enacted the Crime Awareness and Campus Security Act (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). HEA was amended in 1992, 1998 and 2000. The 1998 amendment renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the Clery Act. On August 14, 2008, the Higher Education Opportunity Act or HEOA reauthorized and expanded the HEA of 1965 and the Clery Act (34 CFR 668.46), as amended in conjunction with the Violence Against Women Act signed into law by President Obama on March 7, 2013. In compliance with this legislation, Pima Medical Institute updates and publishes this report annually detailing its crime awareness policies and procedures. This report is available on the PMI website, through the Consumer Information page, and a paper copy is available upon request at each campus location.

INTRODUCTION

The following information is provided as testament to Pima Medical Institute's commitment to supporting the safety and welfare of its students, faculty, staff and visitors. While crises can occur even in the best prepared facilities, it is our goal to implement, prepare and practice for these crises in an effort to minimize negative outcomes. Pima Medical Institute has designed a Crisis Management Plan to maximize safety and survival, preserve property, minimize danger, restore normal operations, and assure responsive communications with the community and responders.

Crime Statistics

Crime statistics for each Pima Medical Institute campus will be collected and reported by the Campus Director. The data will be maintained, along with this document, and reported, as required. The institution will make a good-faith effort to collect statistics for all Clery Act crimes committed in applicable geographic locations from all law enforcement agencies with jurisdiction for this institution. These statistics are updated annually (see attachments at the end of this report for Pima Medical Institute crime statistics for the past three years, by campus, as compiled by Campus Directors from police reports in their respective jurisdiction); all students and employees will be notified of the data, and a printed copy of this information is available for review by all students, faculty, staff and visitors upon request.

Emergency Management Team Contact Information

Pima Medical Institute's Emergency Management Team consists of local campus personnel and corporate leaders. The Campus Director will serve as the Emergency Management Team Leader during a campus emergency or in the event of an alleged crime and should be contacted immediately. In case of emergency, staff and faculty shall not hesitate to activate emergency response services by calling 911.

EMERGENCY MANAGEMENT PLAN – Campus Policies Regarding Procedures and Reporting of Criminal Action and Other Emergencies Occurring on Campus

All students and employees are instructed, during their student/employee orientation, of the Emergency Management Plan, which includes reporting, emergency response, notification, evacuation, lockdown, and timely warning procedures.

Emergency notification and evacuation drills are conducted biannually and the school maintains documented details of these drills. Upon request, written documentation of the drills will be provided at the campus level. Please contact the campus front desk to obtain more information about specific campus annual emergency response and evacuation tests.

Reporting

Students or employees witnessing or involved in any kind of criminal action or emergency on campus shall report this event to their instructor or supervisor.

If the instructor or supervisor is unavailable, the student or employee shall report actions to any responsible staff member. All reports shall be given to the Campus Director or alternate campus Emergency Management Leader, who will implement the Emergency Management Plan as necessary. Pima Medical Institute encourages accurate and prompt reporting of all crimes to campus personnel and/or local law enforcement.

Emergency Response

Pima Medical Institute will, without delay, and taking into account the safety of the campus community, immediately notify the campus community of a significant emergency or dangerous situation involving an immediate threat to the health and/or safety of those on campus, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Emergency Management Leader should be immediately informed of a significant emergency or dangerous situation; personnel should not delay contacting the local emergency response system should the Emergency Management Leader be inaccessible.

Notification Procedure

- In case of emergency, 911 shall be contacted immediately.
- The employee who first learns of the significant emergency shall contact the Campus Director or alternate campus Emergency Management Leader on duty.
- The Emergency Management Leader will be responsible for implementing the Emergency Management Plan.
- The Emergency Management Leader will, upon confirmation that there is a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on the campus, immediately notify the campus community.
- Initiation and content of the notification are the responsibility of the Emergency Management Leader.
- Notification will occur by means of audible alert, email, text messages, telephone calls or any other form of effective communication determined to best address the situation.
- If indicated, the Evacuation Plan will be implemented.
- The building will be secured and students and employees will be directed to a safe location.
- If indicated, a campus lockdown and shelter in place procedure will be implemented.
- The entire campus community will be notified of the emergency.
- The Chief Executive Officer or their designee will serve as the public information officer and be responsible for disseminating emergency information to the larger community.

Pima Medical Institute is utilizing the Omnilert notification system, which enables the Emergency Management Team Leader to initiate immediate notifications to all staff, faculty and students from their cell phone or computer. The system is tied to all student records in our database, which provides the added benefit of automatic updates to all contact information (cell phone numbers, landline numbers and emails) in real time, as students update their records.

Evacuation Plan

All students are informed of the emergency evacuation and notification process during their new student orientation and as a follow up to evacuation drills. Employees are oriented to evacuation responsibilities during their new employee orientation and as part of a yearly Emergency Management Plan review. Evacuation routes are posted on each campus and information regarding evacuation and shelter-in-place locations.

Lockdown Procedures

The Emergency Management Plan contains a campus lockdown procedure. In the event where the Emergency Management Leader deems it necessary to put the building into lockdown, the campus will activate the campus lockdown procedure. Testing of this emergency response procedure will be conducted and recorded no less than on a biannual basis.

Timely Warning

In the event that a situation arises, either on or off campus, that, in the judgment of the President/CEO, the Corporate Director of Education, Director of Regulatory Operations, Campus Director or Emergency Management Leader, constitutes a serious, ongoing or continuing threat, a campus wide "timely warning" will be issued. A timely warning will be issued for any reported Clery Act crimes. The content of the warning will be determined by the Campus Director or Emergency Management Leader and will include at minimum all information that would promote safety and aid in the prevention of similar crimes. The warning will be issued in a timely manner through the college email, text messaging system and/or campus bulletin board posting to students and employees.

Anyone with information warranting a timely warning should report the circumstances to the Campus Director by phone or in person.

Testing of this emergency response procedure will be conducted and recorded at least on a biannual basis.

CRIME AWARENESS AND AVOIDANCE

Policies Concerning Security and Access to Campus Facilities

An orientation is held with new students and employees to inform them about campus security procedures and practices and to encourage them to be responsible for their own security and the security of others. Instructors and supervisors will continue to remind students and employees of their need to remain security conscious throughout their enrollment or employment.

All normal staff and employees are to display a Pima Medical Institute ID while on campus. Any visitors to the campus must obtain a visitor badge upon arrival.

Pima Medical Institute's program to inform students and employees about crime prevention is a one- on-one instructor to student, supervisor to employee communication of the need to be security conscious.

Identity theft is one of the fastest growing crimes in the nation and students may be particularly vulnerable to this crime. Learn how to protect yourself and your future from identity theft by going to <u>www.ed.gov/misused.</u>

The campus area is accessible during normal business hours. Responsible management personnel will be available during all normal business hours to ensure timely response to any and all incidents reported.

Pima Medical Institute does not own or control any housing. Students and employees are advised to inquire with apartment managers and/or local law enforcement agencies as to residence security.

Maintenance of campus facilities is considered to be of the highest priority. All campus facilities will be maintained in an effort to ensure the highest standards of safety and security.

Policies Concerning Campus Law Enforcement

Pima Medical Institute campus law enforcement is conducted by local law enforcement agencies. No written memorandum of understanding exists between Pima Medical Institute and the local law enforcement agencies. Pima Medical Institute will defer to local law enforcement agencies for investigation of alleged criminal offenses.

Student or employees who witness or are involved in any kind of criminal action or emergency and do not report the crime or emergency promptly may be subject to termination from enrollment or employment.

Pima Medical Institute has no recognized off-campus student organizations.

STUDENT AND EMPLOYEE CONDUCT

PMI enforces standards of honesty and integrity in all academic related work and does not tolerate plagiarism, intentional misrepresentation, or misconduct. The code of conduct provides a framework of responsibilities and proper practices expected for education and the health care profession. The information provided in the policy is not all inclusive and PMI reserves the right to hold accountable any student or employee who performs or displays any behavior that is not considered appropriate within the academic setting, including clinical rotations.

Students or employees who violate PMI policies, procedures, interfere with the progress of other students, or engage in any form of dishonesty, upon proof, are subject to termination from enrollment or employment. Grounds for termination include but are not limited to violation of the following:

- Sexual violence, sexual assault, sexual misconduct, harassment;
- Possession of firearms or weapons while on campus or at a clinical setting or PMI-affiliated event;
- HIPPA violations;
- Positive results for alcohol or drugs, refusal to submit to 'for cause' drug or alcohol screening, admission to using alcohol or other substances that contributed to impaired behavior witnessed at the school, at a clinical site, or any PMI-affiliated event;
- Academic dishonesty, such as plagiarism, intentional misrepresentation, or misconduct;
- Inappropriate use of social media, such as failing to comply with the copyright and fair use policy or not respecting others' privacy;
- Misrepresentation of criminal history;
- Vandalism or theft of school or student property, actions in an obscene, vulgar, or abusive manner, and/or
- Federal, state, or local laws (e.g., tampering with a fire alarm).

Policy violations are directed to campus administration for disciplinary action. Students who have been terminated due to policy violations may appeal under the provisions of the PMI grievance procedure. Refunds made to students who have been terminated are subject to the terms of the enrollment agreement.

DRUG AND ALCOHOL POLICY

The Drug-Free Schools and Communities Act of 1989 requires institutions receiving federal funds or financial assistance to establish and enforce a program to prevent the unlawful possession, use, or distribution of illicit drugs, prescription medications, and alcohol by students, and employees. The program includes a description of the health risks associated with the use of illicit drugs and alcohol, standards of conduct, sanctions under federal, state, local law, and campus policy, information on preventing drug and alcohol abuse, and available counseling and treatment options.

Health Risks

Information about drugs of abuse uses and effects is available through the U.S. Drug Enforcement Administration and may be viewed <u>HERE</u>.

The use of illicit drugs and alcohol erodes the capacity to perform, think, and act responsibly. Long-term drug abuse can have a profound effect on a person's health and well-being. Any form of such substance abuse is considered to create an extreme danger in the school to both students and others and it can be grounds for termination of enrollment or employment at this institution.

All students and employees are hereby notified that the unlawful possession, use, or distribution of drugs and alcohol is prohibited on this institution's premises and during school-related tasks or functions. These "premises" are defined as all school property including building interiors and exteriors, common areas, sidewalks, parking lots, privately owned vehicles parked in the school parking lot, as well as desks, cabinets and storage areas. This prohibition applies to students and PMI employees performing any school related task, clinical externship, or attending any school sponsored function including field trips regardless of location on or off school premises.

Sanctions

PMI will impose sanctions on students and employees for violations of the drug and alcohol standards of conduct consistent with federal, state, local law, and campus policy. Consistent with the severity of the violation, sanctions may include:

- Reprimand and warning.
- Substance abuse counseling, treatment, or rehabilitation program.
- Immediate termination of enrollment or employment.
- Referral to local law enforcement agencies for prosecution.

Local, state, and federal laws provide for a variety of legal sanctions and penalties for the unlawful possession, use, or distribution of illicit drugs and alcohol. PMI enforces a "zero tolerance" policy regarding underage drinking and will enforce state underage drinking laws on its campus premises. (Note: The minimum legal drinking age in the United States is 21, with the exception that in Puerto Rico the minimum legal drinking age is 18.) The consumption and/or possession of any alcoholic beverage by any person under the age of 21 is prohibited.

State and Local Drug Possession, Use or Distribution Laws

PMI operates campuses in eight different states. Information on each location's State and Local drug possession, use or distribution laws can be found on the Pima Medical Institute website by clicking <u>HERE</u>.

The links and laws contained in the above document on the PMI website are current at the time of this publication; please note that state laws and regulations are updated and modified frequently.

Hard-copy versions of the above document outlining State and Local Drug Possession and Distribution Laws will be provided upon request from the campus Student Services Coordinator

PMI operates in states that have adopted recreational and medical marijuana laws. PMI follows these laws but does remind students that these laws do not supersede federal law or, generally, permit students or employees to be at school or in the workplace, as the case may be, in an impaired state.

Information about Federal trafficking penalties is available through the U.S. Drug Enforcement Administration and may be viewed at <u>HERE</u>.

Counseling and Treatment

PMI recognizes drug and alcohol dependency to be an illness and a major health problem. The institution also distinguishes drug abuse as a potential health, safety, and security problem. Students needing assistance in dealing with drug/alcohol dependency are encouraged to utilize the Student Assistance Program or make contact with campus student services who can provide confidential counseling referrals, assistance, or information.

Employees needing assistance in dealing with such problems are encouraged to utilize the Employee Assistance Program or other appropriate counseling services. Conscientious efforts to seek such help will not jeopardize employment.

Several appropriate resources are available and may be contacted directly for assistance.

- <u>Alcoholics Anonymous</u>
- <u>Narcotics Anonymous</u>
- <u>National Drug Helpline</u>
- Addiction Resource
- Crisis Text Line
- <u>Substance Abuse and Mental Health Administration</u>

DRUG AND ALCOHOL ABUSE PREVENTION PROGRAM

Prevention and early intervention strategies can reduce the impact of substance abuse. PMI students and employees are provided information during orientation regarding the PMI drug and alcohol prevention program and are encouraged to seek assistance when needed. PMI will annually distribute in writing to each student and employee a description of the health risks associated with the use of illicit drugs and alcohol, standards of conduct, sanctions under federal, state, local law, and campus policy, information on preventing drug and alcohol abuse, and available counseling and treatment options.

FIREARMS AND WEAPONS POLICY

Pima Medical Institute strictly prohibits the possession of firearms and weapons on all campuses. Other than police officers or military personnel on active duty, no person, including a licensee, may possess firearms anywhere on campus, whether in a building or on the grounds. This prohibition extends to school owned and school-controlled locations, including sites leased for educational purposes.

Firearm

- Any device that shoots a bullet, pellet, tranquilizer, spear dart, paintball or other projectile, whether loaded or unloaded, including those powered by CO2.
- This includes, but is not limited to, guns, air guns, dart guns, pistols, revolvers, rifles, cannons, etc., and any ammunition for any such device.

Weapon

- Any device that is designed to or traditionally used to inflict harm. This includes, but is not limited to:
 - o Firearms, slingshots, switchblades, daggers, blackjacks, brass knuckles, bows and arrows, hand grenades, hunting knives, nun-chucks, throwing stars, or any object that could be reasonably construed as a weapon.

Anyone possessing a firearm or weapon will be asked to remove it from the campus or school event immediately. If the firearm and/or weapon is not immediately removed from the campus or school event, law enforcement will be notified and the emergency management procedures will be activated.

An employee aware of a violation of this policy is required to immediately notify the Campus Director or his or her direct supervisor. Any student, faculty or staff member violating this policy will be severely sanctioned, up to and including expulsion or termination. Additionally, violations of the school's Firearms and Weapons Policy may result in criminal prosecution.

HARASSMENT, VIOLENCE, SEXUAL ASSAULT

It is the practice at PMI to ensure that employees and students enjoy a learning environment that is based upon mutual respect, trust, and dignity. The administration of PMI fully supports all local, state, and federal laws governing sexual violence and harassment and will cooperate to the fullest extent possible.

Harassment of any kind will not be tolerated and includes: actions, words, jokes, or comments based on an individual's gender, race, ethnicity, age, religion, disability, or any other protected status; actions intended to intimidate or cause fear; and any form of unwelcome behavior of a sexual nature including verbal, nonverbal, written, and physical actions.

Pima Medical Institute does not tolerate sexual violence in any form, including but not limited to sexual assault, rape, harassment, exploitation, intimidation, dating violence, domestic violence, and/or stalking. PMI, in a good faith effort to comply with amendments to the *Clery Act*, as mandated by Section 304 of the *"Violence Against Women Reauthorization of 2013"*, is committed to ongoing development of prevention and awareness programs, policies and procedures.

An individual who has reason to believe that they are the victim of sexual or another form of harassment, or if any staff or students have witnessed harassment, should immediately report the incident to the Campus or Associate Campus Director in written form. An investigation will be initiated no later than five (5) business days and corrective action taken when warranted. No action will be taken against those reporting harassment, regardless of the investigation's outcome. With the alleged victim's permission, the appropriate authorities will be contacted. The campus director will conduct an additional investigation following PMI procedures. Those found to be engaging in any form of harassment will be subject to termination.

TITLE IX SEX-BASED OFFENSES REPORTING

Pima Medical Institute (PMI) does not discriminate in its admissions or employment, or in its educational programs or activities on the basis of sex. As a recipient of federal financial assistance for education activities, PMI required by Title IX of the Education Amendments of 1972 to ensure that all of its education programs and activities do not discriminate on the basis of sex. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, gender identity, gender expression, sexual orientation, and pregnancy or related conditions. PMI also prohibits retaliation against any person opposing sex discrimination or participating in any sex discrimination investigation or complaint process, whether internal or external to the institution. Sex-based harassment, sexual assault, dating and domestic violence, and stalking are forms of sex discrimination, which are prohibited under Title IX and by PMI policy.

Definitions

- **"Complainant"** is any individual who has reported being or is alleged to be impacted by Prohibited Conduct as defined by this policy, and who was participating in a PMI program or activity at the time of the alleged misconduct.
- "Consent" is knowing, voluntary and mutual decision among all participants to engage in sexual activity, expressed in words or actions. For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct with that particular person or people. Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity. If consent is not clearly

provided prior to engaging in the activity, consent may be ratified by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged. Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). Past consent does not imply future consent. A current or previous dating relationship is not sufficient to constitute consent. The existence of consent is based on the totality of the circumstances, evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged incident occurred. Silence or the absence of resistance alone is not consent. A minor (meaning a person under the age of 18 years, where applicable per state) cannot consent to sexual activity except in limited circumstances dictated by law. Consent can be withdrawn at any time during sexual activity through reasonable and clear communications through words or actions. When consent is withdrawn, sexual activity must stop.

- Coercion/Force: consent cannot be procured by the use of physical force, compulsion, threats, intimidating behavior, or coercion. Sexual activity accompanied by coercion or force is not consensual.
- Coercion refers to unreasonable pressure for sexual activity. When someone makes it clear that they do not want to engage in sexual activity or do not want to go beyond a certain point of sexual interaction, continued pressure beyond that point can be considered coercive. The use of coercion can involve the use of pressure, manipulation, substances, or force. Ignoring objections of another person is a form of coercion. Force refers to the use of physical violence or imposing on someone physically to engage in sexual contact or intercourse.
- **Force** can also include threats, intimidation (implied threats), or coercion used to overcome resistance.
- Incapacitation: occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing and informed consent (e.g., to understand the "who, what, when, where, why, and how" of their sexual interaction). Incapacitation is determined through consideration of all relevant indicators of a person's state and is not synonymous with intoxication, impairment, or being under the influence of drugs or alcohol. This policy also covers a person whose incapacity results from temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating drugs, or who are sleeping.

Under this policy, PMI will consider whether a respondent knew or should have known the complainant to be incapacitated, based on an objective, reasonable person standard that assumes the reasonable person is both sober and exercising sound judgment. The fact that the respondent was unaware of the complainant's incapacity due to the respondent's own drug or alcohol use shall not be considered as an excuse.

- **Discrimination on the Basis of Sex:** Discrimination is defined as treating members of a protected category less favorably because of their actual or perceived membership in that category or as having a policy or practice that adversely impacts the members of one protected category more than others. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.
- **"Education program or activity"** includes all campus operations, including off-campus settings that are operated or overseen by Pima; conduct subject to the Pima's disciplinary authority that occurs off-campus; conduct that takes place via Pima-sponsored electronic devices, computer and internet networks and digital platforms

Pima Medical Institute

September 21, 2024

operated by, or used in the operations of, the Pima. Conduct that occurs outside of the education program or activity may contribute to a hostile environment within the program or activity.

- **"Equal access to program or activity."** Signs of enduring unequal educational access due to severe, pervasive, and objectively offensive sexual harassment may include: skipping class to avoid a harasser, a decline in a student's grade point average, or having difficulty concentrating in class.
- **"Prohibited Conduct"** means the conduct prohibited by this policy. Prohibited Conduct includes sex discrimination, including sex-based harassment, and retaliation.
- "Reporting Party" means person reporting an incident that was witnessed or received the information about the incident and is reporting it to the appropriate PMI person.
- **"Respondent"** any individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
- "Retaliation" is any materially adverse action taken against an individual because they were involved in the disclosure, reporting, investigation, or resolution of a report of Prohibited Conduct. Retaliation includes threats, intimidation, harassment, coercion, discrimination, violence, or any other conduct against any person by PMI, a student, or an employee or other person authorized by PMI to provide aid, benefit, or service under PMI's education program or activity, for the purpose of interfering with any right or privilege secured by this policy or by law, including Title IX or its regulations. Adverse action does not include perceived or petty slights, or trivial annoyances.
 - The prohibition against retaliation applies to any individuals who participate (or refuse to participate) in any manner in an investigation, or hearing, and to any student who refuses to participate in an investigation, proceeding, or hearing.
 - Retaliation may occur even where there is a finding of "not responsible" under this policy. Good faith actions lawfully pursued in response to a report of Prohibited Conduct are not Retaliation.
- "Sex-based Harassment" is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, including on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity. Sex-Based Harassment includes the following:
 - **Quid pro quo harassment:** An employee, agent, or other person authorized by PMI to provide an aid, benefit, or service under PMI's education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
 - Hostile environment harassment: Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from PMI's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - The degree to which the conduct affected the complainant's ability to access PMI's education program or activity;
 - The type, frequency, and duration of the conduct;
 - The parties' ages, roles within PMI's education program or activity, previous interactions, and other factors about a party that may be relevant to evaluating the effects of the conduct;

- The location of the conduct and the context in which the conduct occurred; and
- Other sex-based harassment in PMI's education program or activity.
- Additional sexual harassment definitions from state workplace law.
- Sexual Assault: an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation. Specifically, this includes:
 - **Rape**—The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
 - **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.
 - **Incest**—Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
 - **Statutory Rape**—Sexual intercourse with a person who is under the statutory age of consent.
- **Dating violence**: violence committed by a person:
 - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - The length of the relationship;
 - The type of relationship; and
 - \circ The frequency of interaction between the persons involved in the relationship.
 - Emotional and psychological abuse do not constitute violence for the purposes of this definition.
- **Domestic violence:** felony or misdemeanor crimes of violence committed by a person who:
 - Is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction of PMI, or a person similarly situated to a spouse of the victim;
 - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
 - \circ $\;$ Shares a child in common with the victim; or
 - Commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.
 - Emotional and psychological abuse do not constitute violence for the purposes of this definition.
- **Stalking:** Engaging in a course of conduct, on the basis of sex, directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others; or suffer substantial emotional distress.
- **Sexual coercion:** The application of unreasonable pressure, including emotionally or physically manipulative actions or statements, or direct or implied threats, in order to compel the person to engage in sexual activity.
- **Sexual exploitation** means a person taking sexual advantage of another person for the benefit of anyone other than that person without that person's consent, including, but not limited to, any of the following acts:
 - The prostituting of another person;

- The trafficking of another person, defined as the inducement of a person to perform a commercial sex act, or labor or services, through force, fraud, or coercion;
- The recording of images, including video or photograph, or audio of another person's sexual activity or intimate parts, without that person's consent;
- The distribution of images, including video or photograph, or audio of another person's sexual activity or intimate parts, if the individual distributing the images or audio knows or should have known that the person depicted in the images or audio did not consent to the disclosure.
- The viewing of another person's sexual activity or intimate parts, in a place where that other person would have a reasonable expectation of privacy, without that person's consent, for the purpose of arousing or gratifying sexual desire.
- "Sexual misconduct" Includes sexual harassment, domestic violence, dating violence, sexual assault, and stalking.
- **"PMI Community"** includes PMI employees, students, clinical related school officials (e.g., clinical instructor, clinical coordinator).

PMI Title IX Coordinator

Primary: Brenna Drago

Email: <u>TitleIXCoordinator@pmi.edu</u> Phone: 480-844-5570 Mailing address: Pima Medical Institute, 40 N Swan Road, Suite 100, Tucson AZ 85711 Webform: Title IX reporting may also be submitted using the Title IX form available through the Student Portal.

The Title IX coordinator, including a designee with the same level of training as the Title IX Coordinator, shall be responsible for overseeing the reporting process, training, and initial investigation. Any person may report sex discrimination, including sexual harassment, in person, by mail, by telephone, webform, or by email, using the contact information listed for the Title IX Coordinator. Report may be made at any time (including during non-business hours) by using the telephone number or email address, by webform, or by mail to the office address, listed for the Title IX Coordinator.

Training

An investigator, decision-maker, and other persons who are responsible for implementing the recipient's grievance procedures or have the authority to modify or terminate supportive measures.

- Must be trained annually on the institution's obligation to address sex discrimination in its education program or activity, the scope of conduct that constitutes Prohibited Conduct under this policy, and all applicable notification and reporting obligations under Title IX.
- Must also be trained annually on the institution's response obligations, the grievance procedures, how to serve impartially (including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias), meaning and application of the term "relevant" in relation to questions and evidence and the types of evidence that are impermissible.
- Records must be maintained for a period of seven years.
- Training material must be publicly available on the school website.

Informal Resolution Facilitators

• Must be trained on the institution's obligation to address sex discrimination in its education program or activity, the scope of conduct that constitutes Prohibited Conduct under this policy, and all applicable notification and reporting obligations

under Title IX, and;

• The rules and practices associated with the recipient's informal resolution process and on how to serve impartially, including by avoiding conflicts of interest and bias.

The Title IX Coordinator

- Must be trained in everything that Informal Resolution Facilitators and investigators/decisionmakers are trained on, and;
- Their specific response obligations, the recordkeeping system and requirements, and any other training necessary to comply.

Employees

PMI shall provide annual training for all employees that includes the institution's obligation to address sex discrimination in its education program or activity, the scope of conduct that constitutes Prohibited Conduct under this policy, and all applicable notification and reporting obligations under Title IX.

Students

School shall provide training during Student Orientation, which must include:

- Title IX and what constitutes sexual violence under the school's policies;
- School's definition of consent, including examples;
- How the school analyzes whether conduct was unwelcome under Title IX;
- Reporting options, including formal reporting and confidential disclosure options and any timeframes set by the school for reporting; school's grievance procedures;
- Disciplinary code provisions relating to sexual violence and the consequences of violating those provisions;
- Effects of trauma;
- The role alcohol and drugs often play in sexual violence incidents;
- Strategies and skills for bystander intervention;
- How to report sexual violence to campus or local law enforcement;
- Title IX's protections against retaliation;
- Encouraging students to report incidents of sexual violence; and
- Educating students about the persons on campus to whom they can confidentially report incidents of sexual violence.

Responsibility to Report

All employees, with limited exceptions as identified by PMI, are required to promptly provide to the Title IX Coordinator all complaints or reports of sex discrimination, including sex-based harassment, to the Title IX Coordinator and share all information reported or made available to the employee. If an employee in a supervisory capacity has direct knowledge of an incident of harassment or discrimination on the part of, or directed toward, any employee of the Title IX Coordinator community, that supervisor is required to bring the matter to the attention of the Title IX Coordinator.

Researchers conducting an IRB-approved human subjects research study designed to gather information about sex discrimination are not required to report to the Title IX Coordinator disclosures made in the course of that study to the Title IX Coordinator.

PMI also encourages employees who themselves experience sex discrimination to bring their concerns to the Title IX Coordinator, though they are not required to do so.

When providing this information to the Title IX Coordinator, the employee must include their own name

and contact information, and all known details about an incident, which may include, if known, the dates, times, locations, names of involved individuals and the nature of the incident.

Aside from this reporting obligation, employees will, to the fullest extent possible, maintain the privacy of an individual's information, consistent with FERPA.

Students are expected to report any known issue related to sexual misconduct involving self or others to a PMI person with authority (such as a program director, associate dean of faculty, student services coordinator, or associate / campus director).

Reporting may include:

- Oral report of sexual harassment by a complainant or anyone else;
- Written report;
- Personal observation;
- Anonymous report; or
- Other means of communication or awareness (e.g. social media account, article, etc.).

If anyone is unsure about whether an incident requires reporting, reach out to the Title IX coordinator. Reports should be made within 24 hours or as soon as reasonable possible.

Procedure for Reporting: How to Make a Report to PMI

All complaints of violations of this policy will be taken seriously and in good faith. The Title IX Coordinator will provide information and guidance regarding how to file a complaint with PMI and/or local law enforcement, as well as information and assistance about what course of action may best support the individual(s) involved and how best to address the complaint. Every reasonable effort will be made to maintain the privacy of those making a report to the extent possible.

In all cases, PMI will give consideration to the party bringing forward a report with respect to how the matter is pursued.

PMI may, when necessary to protect the community, initiate an investigation or take other responsive actions to a report, even when the person identifying a concern chooses not to participate in a resolution process and/or requests that PMI not initiate an investigation.

Employees, students, guests, or visitors who believe that this policy has been violated should promptly contact the Coordinator. There is no timeline for making a report of sex discrimination, however, PMI encourages the prompt reporting of a complaint as the ability of PMI to pursue the complaint to conclusion may be hindered by the passage of time.

Amnesty

A student making a report to the Title IX Coordinator may be eligible for Amnesty for drug or alcohol related violations that occurred on or around the same time as the incident or that was in connection with the incident.

Privacy and Confidentiality

PMI values the privacy of its students, employees, and other community members. Community members should be able to seek the assistance they need and access this policy without fear that the information they provide will be shared more broadly.

will maintain privacy to the greatest extent possible, relaying information das necessary to investigate or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible for tracking patterns and spotting systemic issues. PMI will limit the disclosure as much as practicable.

All activities under these procedures shall be conducted with the privacy interests of those involved. While PMI will take all reasonable steps to protect the privacy of individuals involved in a complaint, it may be necessary to disclose some information to individuals or offices on campus in order to address a complaint or provide for the physical safety of an individual or the campus. Thus, PMI cannot, and does not, guarantee that all information related to complaints will be kept confidential.

In order to maintain the privacy of evidence gathered as part of any resolution process, access to materials under the procedures in this policy will be provided only by a secure method and parties and advisors are not permitted to make copies of any documents shared or make use of the documents outside of the processes described in this policy.

- Parties may request to review a hard copy of materials, and PMI will make that available in a supervised or monitored setting.
- Inappropriately sharing materials provided during this process may constitute retaliation under this policy.

Individuals may speak confidentially with a Confidential Resource. Confidential Resources (e.g., licensed mental health care providers, physicians, clergy) may not report to Title IX Coordinator any identifying information about conduct that may violate PMI's policies against sex discrimination without the written consent of the individual who supplied the information, unless required by law. Such disclosures will not be reported to the Title IX Coordinator or initiate any process under this policy.

PMI employs two types of employees who are not required to report information about sex discrimination to the Title IX Coordinator:

 Privileged and confidential employees whose communications are privileged or confidential under Federal or State law. The employee must be hired for and functioning within the scope of their duties to which the privilege or confidentiality applies. For example, physicians, and mental health counselors are all confidential employees. Disclosures made to these employees means that information cannot be disclosed to anyone internal or external to PMI without the expressed permission from the individual disclosing the information.

State law requires professional counselors to report:

- When a patient is likely to engage in conduct that would result in serious harm to the patient or others;
- If there is reasonable cause to suspect that a minor has been sexually abused. These reports must be made to the state reporting agency.

Employees designated by the institution as exempt from reporting known sex discrimination to the Title IX Coordinator, and designated as such for the purpose of providing services to the campus community related to sex discrimination. Such employees must be acting in the scope of that role when they learn of the information about sex discrimination for this exemption to apply.

• For example, the ombudsperson and sexual violence response counselors may be designated as exempt from internal reporting. Disclosures made to these employees means that information will not be shared with the Title IX Coordinator or anyone

within PMI, but may be released under legal action or court order without the permission of the individual disclosing the information.

Reporting to the Police

Some Prohibited Conduct may constitute a violation of both the law and PMI policy. PMI encourages students to report alleged crimes promptly to local law enforcement agencies. All persons have the right to file with law enforcement, as well as the right to decline to file with law enforcement. The decision not to file shall not be considered as evidence that there was not a violation of PMI policy.

Criminal investigations may be useful in the gathering of relevant evidence, particularly forensic evidence. The standards for finding a violation of criminal law are different from the standards for finding a violation of this policy. Conduct may constitute Prohibited Conduct under this policy even if law enforcement agencies lack sufficient evidence of a crime and decline to prosecute.

Proceedings under this policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus. However, when a complaint is made to PMI as well as to law enforcement, PMI may delay its process if a law enforcement agency requests that PMI delay its process for a reasonable amount of time to allow law enforcement to gather evidence of criminal misconduct.

Criminal or legal proceedings are separate from the processes in this policy and do not determine whether this policy has been violated.

All investigations and hearings under this policy will be thorough, reliable and impartial, and will seek to collect evidence and names of witnesses to gather information that is directly or substantially relevant to whether the alleged policy violation occurred, and will not be based on the grounds that civil or criminal charges involving the same incident have been filed or that charges have been dismissed or reduced. In the case of an emergency, where the physical well-being of a member of PMI community or the safety of PMI as an institution is threatened, any individual with such knowledge should promptly inform the Director of Campus Safety. PMI may take any immediate steps as may be necessary and appropriate under the circumstances to ensure the well-being of PMI community and PMI as an institution.

Procedure for Responding to a Report

Initial Contact

Following receipt of a report alleging a potential violation of this policy, the Title IX Coordinator will contact the complainant to meet with the Title IX Coordinator for an initial intake and assessment meeting, and will provide the following:

- An invitation to meet to offer assistance and explain their rights, resources, and options under this policy;
- Access to this policy;
- Information regarding available campus and community resources for counseling, health care, mental health, or victim advocacy. Upon request, information regarding legal assistance, visa and immigration assistance, student financial aid and other available services may be provided;
- The availability of Supportive Measures regardless of whether a complaint is filed and/or any resolution is initiated;
- The options for resolution (no action, prevention, agreement, investigation) and how to initiate such resolution processes;
- The right to notify law enforcement as well as the right not to notify law enforcement;
- The importance of preserving evidence and, in the case of potential criminal

misconduct, how to get assistance from Campus Safety or local law enforcement in preserving evidence;

- The right to an advisor of choice, if applicable, during PMI proceedings under this policy including the initial meeting with the Title IX Coordinator
- A statement that retaliation for filing a complaint, or participating in the complaint process, is prohibited.
- Information on how to initiate the Investigation or Resolution-Based Agreement process.

Initial Intake & Assessment

The Initial Assessment process seeks to gather information about the nature and circumstances of the report to determine whether this policy applies to the report and, if so, which resolution process may be appropriate, as well as which section of the resolution procedures apply based on the conduct and the status of the parties.

The Title IX Coordinator may also determine that the provision of supportive measures only is the appropriate response under the policy.

The initial assessment is not a finding of fact or responsibility. If the individual bringing forward the complaint is not the actual complainant, the Title IX Coordinator will limit communication to general information on policies and processes. Should the complainant wish to initiate a resolution process, the Title IX Coordinator will determine whether this policy applies and, if so, the appropriate process under this policy. The Title IX Coordinator will communicate to the complainant this determination.

If the information provided does not suggest a potential violation of this policy, the Title IX Coordinator will provide the complainant written notice that the matter is being referred for handling under a different policy, and/or to another appropriate office for handling.

Requests for Confidentiality or No Further Action

When a complainant requests that PMI not use their name as part of any resolution process, or that PMI not take any further action, PMI will generally try to honor those requests. However, there are certain instances in which PMI has a broader obligation to the community and may need to act against the wishes of the complainant. In such circumstances, the Title IX Coordinator will notify the complainant in writing of the need to take action. The factors the Title IX Coordinator will consider when determining whether to act against the wishes of a complainant include:

- The complainant's request not to proceed with initiation of a complaint;
- The complainant's reasonable safety concerns regarding initiation of a complaint;
- The risk that additional acts of Prohibited Conduct would occur if a complaint is not initiated;
- The severity of the alleged Prohibited Conduct, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee of PMI;
- The scope of the alleged discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
- The availability of evidence to assist a Decisionmaker in determining whether sex discrimination occurred; and
- Whether PMI could end the alleged sex discrimination and prevent its recurrence

without initiating its resolution procedures under this policy.

• Whether the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other persons, or that the conduct as alleged prevents PMI from ensuring equal access on the basis of sex to its education program or activity.

Emergency Removal

For sex discrimination and sex-based harassment, PMI retains the authority to remove a respondent from PMI's program or activity on an emergency basis, where PMI (1) undertakes an individualized safety and risk analysis, (2) determines that an immediate and serious threat to the health or safety of a complainant or any student, employee, or other individual arising from the allegations of sex discrimination justifies a removal, and (3) PMI provides the respondent with notice of and an opportunity to challenge the decision immediately following the removal.

The respondent may challenge the decision immediately following the removal, by notifying the Title IX Coordinator in writing. PMI will designate an impartial individual, not otherwise involved in the case, to consider the challenge to the removal and determine if the emergency removal was reasonable.

For all other Prohibited Conduct, PMI may defer to its interim suspension policies for students and administrative leave for employees.

Administrative Leave

The PMI retains the authority to place an employee respondent on administrative leave during a pending complaint process under this policy, with or without pay as appropriate. Administrative leave may be a supportive measure, emergency removal, or consistent with applicable law, CBA. Administrative leave implemented as a supportive measure or as emergency removal is subject to the procedural provisions above, including the right to challenge the decision to implement that measure.

Dismissal of a Complaint

Before dismissing a complaint, PMI will make reasonable efforts to clarify the allegations with the complainant. PMI may dismiss a complaint if:

- PMI is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in PMI's education program or activity and is not employed by PMI;
- The complainant voluntarily withdraws their complaint in writing and the Title IX Coordinator declines to initiate a complaint.
- The complainant voluntarily withdraws some but not all allegations in a complaint in writing, and PMI determines that the conduct that remains alleged in the complaint would not constitute Prohibited Conduct under this policy; or
- PMI determines the conduct alleged in the complaint, even if proven, would not constitute Prohibited Conduct under this policy.

Upon dismissal, PMI will promptly notify the complainant in writing of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then PMI will notify the parties simultaneously in writing. If a dismissal of one or more allegations changes the appropriate decision-making process under these procedures, the Title IX Coordinator will include that information in the notification.

PMI will notify the complainant that a dismissal may be appealed on the basis outlined in the Appeals section.

If dismissal occurs after the respondent has been notified of the allegations, then PMI will also notify the respondent that the dismissal may be appealed on the same bases. If a dismissal is appealed, PMI will follow the procedures outlined in the Appeals section of these procedures. When a complaint is dismissed, PMI will, at a minimum:

- Offer supportive measures to the complainant as appropriate;
- If the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate; and,
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that sex discrimination does not continue or recur within PMI's education program or activity.

A complainant who decides to withdraw a complaint or any portion of it may later request to reinstate it or refile it.

Referrals for Other Misconduct

PMI has the discretion to refer complaints of misconduct not covered by this policy for handling under any other applicable PMI policy or code. As part of any such referral for further handling, PMI may use evidence already gathered through any process covered by this policy. Should there be a conflict between the provision of this policy and other PMI policies, procedures, rules, regulations, or terms or conditions of employment, the provisions of this policy will govern unless specifically stated otherwise.

This policy and these procedures are separate from PMI's student disciplinary processes, by which PMI may bring a discipline charge against a student for violating PMI policy according to the provisions found in PMI code of conduct.

Consolidation of Cases

PMI may consolidate complaints under this policy as appropriate: for example, if there are multiple complaints where the allegations of Prohibited Conduct arise out of the same facts or circumstances, or there are multiple complaints with overlapping parties. PMI also reserves the right to use this policy to adjudicate other allegations and conduct charges as defined by policies outside of the scope of this policy in instances when the conduct is associated with an alleged issue of Prohibited Conduct under this policy. The Title IX Coordinator will address these consolidated complaints in collaboration and coordination with other appropriate offices, such as Student Services and Human Resources. Allegations of a violation of a separate policy are not required to be handled using the procedural requirements set forth in this policy.

Student Withdrawal or Employee Resignation while Matters are Pending

If a student or employee respondent permanently withdraws or resigns from PMI with unresolved allegations pending, PMI will consider whether and how to proceed with the resolution process. PMI will continue to address and remedy any systemic issues or concerns that may have contributed to the alleged violation(s) and any ongoing effects of the alleged Prohibited Conduct.

A student respondent who withdraws or leaves while the process is pending may not return to PMI without first resolving any pending matters. Such exclusion applies to all PMI campuses and programs. Admissions will be notified that the student cannot be readmitted. They may also be barred from PMI property or events. If a student respondent withdraws or takes a leave for a specified period of time (e.g., one semester or term), the resolution process may continue remotely and that student is not permitted to return to PMI unless and until the matter is fully resolved.

PMI and the records retained by the Title IX Coordinator will reflect that status. All PMI responses to future inquiries regarding employment references for that individual will include that the former employee resigned during a pending disciplinary matter.

Options for Resolution

There are multiple ways to resolve a complaint or report of sex discrimination. Whenever possible, PMI will utilize the resolution method chosen by the complainant. During the resolution of a complaint, the Title IX Coordinator will determine whether to implement reasonable supportive measures designed to assist all parties (complainants and respondents) and community members in maintaining access to and participation in PMI programs, services and activities during the resolution of the complaint.

Support-Based Resolution, Agreement-Based, Investigation, or Investigation and Hearing Procedures

Support- Based Resolution; a Support-Based Resolution is an option for a complainant who does not wish PMI to take any further steps to address their concern, and when the Title IX Coordinator determines that another form of resolution, or further action, is not required. Some types of support that may be appropriate include: adjustments or changes to class schedules; moving from one residence hall room to another; adjusted deadlines for projects or assignments; adjustments to work schedule or arrangements; escorts to and around campus; or counseling.

 A support-based resolution does not preclude later use of another form of resolution, for example if new information becomes available to PMI and the Title IX Coordinator determines there is need for additional steps to be taken, or the complainant later decides to pursue a Resolution Agreement or investigation, or investigation and hearing.

Agreement-Based Resolution; An Agreement-Based Resolution is an alternative to the investigation and decision-making procedures where the Parties each voluntarily agree to resolve the complaint in a way that does not include an investigation and does not include any finding of responsibility.

• Agreement-Based Resolution is a voluntary, structured interaction between or among affected parties that balances support and accountability.

If PMI offers Agreement-Based Resolution to the parties, and they voluntarily consent to engage in that process, the Title IX Coordinator must still take other prompt and effective steps as needed to ensure that sex discrimination does not continue or recur within the education program or activity. Parties and the Title IX Coordinator may agree to pause or exit the investigation and decision-making resolution procedures to explore Agreement-Based Resolution. Any party may design the proposed agreement between the parties.

The Title IX Coordinator must approve of the use of the Agreement-Based Resolution process, and approve the final agreement between the parties. Agreement-Based Resolution may be initiated at any time prior to the release of the final determination.

Because Agreement-Based Resolution does not involve an investigation, there is not any determination made as to whether a respondent violated this policy. The Title IX Coordinator has the discretion to determine that Agreement-Based Resolution is not an appropriate way to address the reported conduct, and that the matter must instead be resolved through the Investigation or Investigation and Hearing process. Prior to the initiation of Agreement-Based Resolution, the Title IX Coordinator will provide the Parties written notice that includes:

- The specific allegation and the specific conduct that is alleged to have occurred;
- The requirements of the Agreement-Based Resolution process;
- Any consequences resulting from participating in the Agreement-Based Resolution process, including the records that will be maintained or could be shared, and

whether PMI could disclose such information for use in a future PMI resolution process, including an investigation and resolution process arising from the same or different allegations, as may be appropriate.

- Notice that an agreement resulting from the Agreement-Based Resolution process is binding only on the parties and is not subject to appeal.
- Notice that once the Agreement is finalized and signed by the Parties, they cannot initiate or continue an investigation procedure arising from the same allegations.
- A statement indicating that the decision to participate in the Agreement- Based Resolution process does not presume that the conduct at issue has occurred.
- A statement that the respondent is presumed not responsible for violating this policy, unless respondent admits to violations of this policy;
- An explanation that all parties may be accompanied by an advisor of their choice, who may be a parent, colleague, friend, or attorney;
- A statement that any party has the right to withdraw from the Agreement- Based Resolution process and initiate or resume resolution procedures at any time before agreeing to a resolution;
- The date and time of the initial meeting with staff or the Title IX Coordinator, with a minimum of 3 days' notice;
- Information regarding Supportive Measures, which are available equally to the parties; and
- The potential terms that may be requested or offered in an Agreement- Based Resolution agreement.

If all Parties are willing to explore Agreement-Based Resolution, the Title IX Coordinator will then meet separately with each party to discuss the Agreement-Based Resolution process and facilitate an agreement.

If an agreement cannot be reached, either because the Parties do not agree, determine they no longer wish to participate in the Agreement- Based Resolution process, or the Title IX Coordinator does not believe that the terms of the agreement or continuing the Agreement-Based Resolution process is appropriate, the Title IX Coordinator may decide that the reported conduct will instead be addressed through the investigation or investigation and hearing process. The Title IX Coordinator will inform the parties of such decision, in writing.

Agreement-Based Resolution processes are managed by facilitators who do not have a conflict of interest or bias in favor of or against complainants or respondents generally or regarding the specific parties in the matter. The Title IX Coordinator may serve as the facilitator, subject to these restrictions. The investigator or Decisionmaker for the matter may not facilitate an Agreement-Based Resolution in that same matter. Any party may craft or create the terms of their agreement and will be asked for their suggestions or ideas. Examples of agreements may include but are not limited to:

- An agreement that the respondent will change classes or housing assignments;
- An agreement that the Parties will not communicate or otherwise engage with one another;
- An agreement that the Parties will not contact one another;
- Completion of a training or educational project by the respondent;
- Completion of a community service project by the respondent;
- An agreement to engage in a restorative justice process or facilitated dialogue; and/or discipline agreed upon by all parties.

In order to facilitate Agreement-Based Resolution, information shared by any party will not be used in

any related resolution process of the same complaint under this policy.

No evidence concerning the allegations obtained within the Agreement-Based Resolution process may be disseminated to any outside person, provided that any party to the Agreement-Based Resolution process may generally discuss the allegations under investigation with a parent, advisor, or other source of emotional support, or with an advocacy organization. An admission of responsibility made during an Agreement-Based Resolution process, however, may not be incorporated into the investigation and adjudication proceeding.

Once the final terms of the Resolution Agreement have been agreed upon by all parties, in writing, and approved by the Title IX Coordinator, the matter will be considered closed, and no further action will be taken. Once signed, no appeal is permitted.

The Agreement-Based Resolution process is generally expected to be completed within thirty (30) days and may be extended by the Title IX Coordinator as appropriate. All parties will be notified, in writing, of any extension and the reason for the extension.

Records of an Agreement-Based Resolution process can be shared with other offices as appropriate. Any violations of the terms of the Resolution Agreement may result in disciplinary action.

Investigation & Decision-Making Resolution

This policy includes two types of investigation and decision-making procedures. All prohibited conduct matters except for sex-based harassment involving a student as a party. The following information applies to both types of the investigation and decision-making procedures. If a respondent accepts responsibility for all or part of the Prohibited Conduct alleged, the Coordinator or designated sanctioning officer will issue an appropriate sanction or responsive action as to those violation(s) and continue processing any remaining allegations of Prohibited Conduct, if any. PMI will assign a trained investigator and/or Decisionmaker to conduct an adequate, reliable, and impartial investigation and hearing, if applicable, in a reasonably prompt timeframe. PMI reserves the right to utilize internal or external investigators, Decisionmakers, or hearing officers.

All parties have the option to participate in the investigation and/or hearing, and each have the same rights during the resolution process including the right to an advisor, to submit relevant witness names and evidence, and to review the evidence gathered by the investigator prior to the investigator providing the final report to the Decisionmaker. In cases where there is a hearing, all parties have the same rights at the hearing, including the right to review any evidence that will be considered by the Decisionmaker prior to the hearing. The investigator will establish deadlines for submission of names of relevant witnesses and submission of evidence and communicate those deadlines to the parties in writing.

Conflict of Interest or Bias

After a Notice of Investigation is issued to all parties, any party may object to the participation of the Title IX Coordinator or designated investigator on the grounds of a demonstrated bias or actual conflict of interest.

All parties will have three (3) days from the date of the Notice of Investigation to object to the selection of the investigator or the Title IX Coordinator. Objections to the Title IX Coordinator are to be made, in writing, to the appropriate official. Objections to the appointment of the investigator are to be made in writing, to the Title IX Coordinator. All objections will be considered, and changes made as appropriate. If the objection is substantiated as to either the Title IX Coordinator or the Investigator, that individual shall be replaced. Any change will be communicated in writing.

Timeline

In those cases that do not include a hearing, PMI strives to complete the investigation process within ninety (90) days from the date of the Notice of Investigation. In those cases that include a hearing, PMI strives to complete the investigation process within sixty (60) days from the date of the Notice of Investigation, and complete the hearing within sixty (60) days of the Notice of Hearing. The timeline for any part of the resolution process may be extended for good cause by the Title IX Coordinator.

All parties shall be notified, in writing, of any extension to the timeline that is granted, the reason for the extension, and the new anticipated date of conclusion of the investigation and/or hearing. Good cause reasons for extension may include ensuring availability of witnesses and other participants and ensuring participants have sufficient time to review materials. PMI shall not unreasonably deny a student party's request for an extension of a deadline related to a complaint during periods of examinations or school closures.

The investigator and/or Title IX Coordinator shall provide the Parties with periodic status updates, in writing.

Burden and Standard of Review. PMI has the burden of conducting an investigation that gathers sufficient evidence to determine whether Prohibited Conduct occurred. This burden does not rest with any party, and any party may decide to limit their participation in part or all of the process, or to decline to participate. This does not shift the burden of proof away from PMI and does not indicate responsibility. The standard of proof used in any investigation and decision-making process is the preponderance of the evidence standard, which means more likely than not.

Written Notice of Meetings

PMI will provide to a party or witness whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all meetings or proceedings with sufficient time to prepare to participate. The investigator will interview all parties and relevant witnesses and gather relevant documentary evidence provided by the parties and any identified witnesses. Interviews may be conducted in person, or via video conference. When a party meets with an investigator, the investigator will ask questions related to the allegations in the complaint and a party is given the opportunity speak to the allegations and related events. Parties may identify fact witnesses and provide evidence that is relevant to the allegations and not otherwise impermissible. This will include inculpatory evidence (that tends to show it more likely that someone committed a violation) and exculpatory evidence (that tends to show it less likely that someone committed a violation). The investigator ultimately determines whom to interview to determine the facts relevant to the complaint.

Impermissible Evidence

The following types of evidence, and questions seeking that evidence, are impermissible. This means this information will not be accessed or considered, except by PMI to determine whether one of the exceptions listed below applies. This information will not be disclosed or otherwise used, regardless of relevance:

- Evidence that is protected under a privilege recognized by Federal or State law, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- Evidence provided to an employee designated by PMI as exempt from internal reporting under this policy, unless the person who made the disclosure or otherwise provided evidence to that employee has voluntarily consented to re- disclosure;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless PMI obtains that party's or witness's voluntary, written consent for use in its resolution procedures; and

• Evidence that relates to the complainant's sexual interests or prior sexual conduct, Pima Medical Institute September 21, 2024 unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to alleged sex- based harassment. The fact of prior consensual sexual conduct between the parties does not by itself demonstrate or imply the complainant's consent to other sexual activity or preclude a determination that Prohibited Conduct occurred.

Investigation & Decision-Making Procedures for All Prohibited Conduct Except Sex-Based Harassment Involving a Student Party

This procedure is for all matters of Prohibited Conduct being investigated and determined under this policy except for sex-based harassment involving a student as a party. PMI will assign a trained investigator and/or trained hearing officer to conduct an adequate, reliable, and impartial investigation and hearing in a reasonably prompt timeframe.

PMI reserves the right to utilize internal or external investigators and hearing officers. All parties have the option to participate in the investigation and/or hearing, and each have the same rights during the resolution process including the right to an advisor, to submit relevant witness names and evidence, and to review the evidence gathered by the investigator prior to the investigator's making any findings. In the event of a hearing, all parties have the same rights, including the right to review any evidence that will be considered by the Hearing Officer prior to the hearing.

Notice of Investigation

Prior to the start of an investigation, the Parties will be provided a written Notice of Investigation communicating the initiation of an investigation. Should additional allegations be brought forward, or information regarding location or date of the incident(s), a revised written Notice of Investigation shall be provided to all parties. The notice shall include, at a minimum:

- PMI's resolution procedures, including the applicable determination procedure, and any alternative resolution process, with a link to the full procedures;
- Sufficient information available at the time to allow the parties to respond to the allegations, including the identities of the parties involved in the incident(s), a description of the facts alleged to constitute Prohibited Conduct, the type of Prohibited Conduct, and the date(s), time(s), and location(s) of the alleged incident(s), if known;
- A statement that Retaliation is prohibited;
- A list of possible sanctions;
- Contact information for the assigned investigator and Decisionmaker, as well as the process for raising a challenge to the appointed investigator, Decisionmaker, or Title IX Coordinator, and the deadline for doing so.
- Expected length of the major stages of the resolution process, as well as any applicable deadlines.
- Whether the Investigator, or another individual, shall serve as the Decisionmaker, if known.
- A statement that the respondent is presumed not responsible for Prohibited Conduct until a determination is made at the conclusion of the investigation and decisionmaking procedures. Prior to such a determination, the parties will have an opportunity to present relevant and not otherwise impermissible evidence to a trained, impartial Decisionmaker;
- The parties may have an advisor of their choice who may be a friend, colleague, therapist, or attorney;

- The parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence, and to provide a response;
- A statement that PMI prohibits knowingly making false statements or knowingly submitting false information during resolution procedures, with a link to the relevant policy(ies).
- If known, the date and time of the initial interview with the investigator, with a minimum of five (5) days' notice.

Individual Interviews

The investigator will hold individual interviews with parties and witnesses to ask relevant and not otherwise impermissible questions and follow-up questions, including questions exploring credibility. Only the investigator and the party or witness may attend each individual interview, and a party may be accompanied by their advisor. Additional attendees may be permitted at the discretion of the Title IX Coordinator in connection with an approved disability-related accommodation. All persons present at any time during any part of the investigation or resolution process are expected to maintain the privacy of the proceedings and not discuss or otherwise share any information learned as part of those proceedings, and may be subject to further PMI discipline for failure to do so.

PMI may also adopt and apply other reasonable rules regarding decorum, provided they apply equally to the parties. The individual interviews may be conducted with all participants physically present in the same geographic location, or, at PMI's discretion, with all participants joining virtually through a video conferencing option. PMI will share expectations of decorum to be observed at all times in any meeting or proceeding under this policy. These expectations are applied equally to all parties and advisors. The PMI has the discretion to remove, with or without prior warning, from any meeting or proceeding an involved party, witness, or advisor who does not comply with these expectations and any other applicable PMI rules.

Evidence Review

At the conclusion of all fact-gathering, the investigator will provide each party and their advisor, if any, the opportunity to review all relevant and not otherwise impermissible evidence gathered. The purpose of the inspection and review process is to allow each party the equal opportunity to meaningfully respond to the evidence prior to conclusion of the investigation and to submit any additional relevant evidence, questions for parties or witnesses, or the names of any additional witnesses with relevant information. This is the final opportunity to offer evidence or names of witnesses. Given the sensitive nature of the information provided, PMI will facilitate this review in a secure manner. None of the parties nor their advisors may copy, remove, photograph, print, image, videotape, record, or in any manner otherwise duplicate or remove the information provided. Any student or employee who fails to abide by this may be subject to discipline. Any advisor who fails to abide by this may be subject to discipline. Any advisor who fails to abide by this may be subject to inspect and review the evidence and submit a written response in writing to the investigator. PMI will provide access to copies of the parties' written responses to the investigator to all parties and their advisors, if any.

The Title IX Coordinator shall have the discretion to extend the evidence review period based on the volume and nature of the evidence. At the conclusion of the evidence review, when deemed appropriate by the investigator, the investigator shall then conduct any additional fact-gathering as may be necessary. If new, relevant evidence is gathered during this second fact-gathering period, the new evidence will be made available for review by the parties and their advisors.

will be accepted as part of any response, except that the investigator shall have the discretion to accept relevant evidence that was not previously available or known to exist, and that was not previously discoverable with the exercise of reasonable diligence.

The investigator will consider the parties' written responses before finalizing the investigation report. The parties may each submit a written impact statement prior to the conclusion of the resolution process. The impact statement is not evidence and will be reviewed only after a determination of responsibility is reached, if applicable.

Investigation Report

The investigator, who may also serve as the Decisionmaker, shall evaluate the relevant and not impermissible evidence and make a factual determination regarding each allegation, and also determine whether a violation of the policy occurred. The investigator may choose to place less or no weight upon statements by a party or witness who refused to respond to questions deemed relevant and not impermissible, or declined to participate. The investigator will not draw an inference about whether Prohibited Conduct occurred based solely on a party's or witness's refusal to respond to questions.

The investigator shall prepare a report which shall include:

- A description of the allegations of Prohibited Conduct;
- Information about the policies and procedures used to evaluate the allegations;
- A description of the procedural steps taken from the receipt of the complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, and methods used to gather other evidence;
- An evaluation of the relevant and not otherwise impermissible evidence and the rationale for that evaluation;
- Findings of fact for each allegation, with rationale;
- Conclusions regarding which section of this policy or other PMI policy, if any, the respondent has or has not violated, with rationale.

This report shall be provided to the Title IX Coordinator. In the event that the Decisionmaker has determined that a violation of PMI policy has occurred, the Title IX Coordinator shall then provide the report to the appropriate Sanctioning Officer to determine the sanction, and the Title IX Coordinator shall then determine the appropriate remedy(ies) for the complainant and any impacted parties. Past findings of responsibility relating to this policy or any other PMI policy are admissible in the sanctioning stage only.

The Title IX Coordinator shall then provide the parties and their advisors, if any, with a written Notice of Outcome and a copy of the investigation report. The Notice of Outcome shall include:

- A statement of, and rationale for, any disciplinary sanctions PMI imposed on the respondent
- A statement as to whether remedies will be provided to the Complaint
- For the complainant, a description of any remedies that apply to the complainant
- PMI's procedures and the permitted reasons for the parties to appeal, including identifying the Appeals Officer.
- How to challenge participation by the Appeals Officer for bias or conflict of interest, which the Title IX Coordinator will resolve in their sole discretion.

The determination regarding responsibility becomes final either on the date that PMI provides the

parties with the written determination of the result of any appeal, or, if no party appeals, the date on which an appeal would no longer be considered timely.

Investigation & Decision-Making Procedures in Cases of Sex-Based Harassment Involving a Student

The following describes the investigation and decision-making procedures for matters of sexbased harassment in which a student is either a complainant or respondent, regardless of the status of the other party.

Notice of Investigation

Prior to the start of an investigation, the Parties will be provided a written Notice of Investigation communicating the initiation of an investigation. Should additional allegations be brought forward, or information regarding location or date of the incident(s), a revised written Notice of Investigation shall be provided to all parties. The Notice shall include, at a minimum:

- PMI's investigation procedures, including the applicable determination procedure that will be used in this investigation and resolution, and a link to the relevant policies;
- Information about the agreement-based, with a link to the full procedures.
- Sufficient information available at the time to allow the parties to respond to the allegations, including the identities of the parties involved in the incident(s), a description of the facts alleged to constitute Prohibited Conduct, the type of Prohibited Conduct, and the date(s) and location(s) of the alleged incident(s);
- A statement that retaliation is prohibited;
- Whether the investigator, or another individual, shall serve as the Decisionmaker if known.
- Expected length of the major stages of the resolution process, as well as any applicable deadlines.
- All investigation deadlines, including the final deadlines for submitting names of witnesses, evidence, and relevant questions to ask a party or witness. These deadlines may be extended by the Title IX Coordinator for good cause, and any changes will be provided, in writing, to the parties, along with the rationale for the revised deadline(s), the process for raising a challenge to the appointed investigator, Decisionmaker or Title IX Coordinator, and the deadline for doing so.
- A statement that the respondent is presumed not responsible for Prohibited Conduct until a determination is made at the conclusion of the resolution process. Prior to such a determination, the parties will have an opportunity to present relevant and not otherwise impermissible evidence to a trained, impartial Decisionmaker;
- A statement that the parties may have an advisor of their choice who may be a friend, parent, therapist, colleague, or attorney;
- The parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an investigation report that accurately summarizes this evidence. [If PMI provides access to an investigation report: The parties are entitled to an equal opportunity to access the relevant and not impermissible evidence upon the request of any party]; and
- PMI's Student Code of Conduct prohibits knowingly making false statements or knowingly submitting false information during the resolution procedures.
- The date and time of the initial interview with the Investigator, with a minimum of five (5) days' notice.

Individual Interviews

The investigator will hold individual interviews with parties and witnesses to ask relevant and not otherwise impermissible questions and follow-up questions, including questions exploring credibility, and to request of the parties the names of relevant witnesses and relevant evidence. Only the investigator and the party or witness may attend each individual interview, and a party may be accompanied by their advisor. Additional attendees may be permitted at the discretion of the Title IX Coordinator in connection with an approved disability-related accommodation. All persons present at any time during any part of the investigation or resolution process are expected to maintain the privacy of the proceedings and not discuss or otherwise share any information learned as part of the resolution process, and may be subject to further PMI discipline for failure to do so. The investigator will then gather from parties, witnesses, and other sources, all relevant evidence.

PMI will share expectations of decorum to be observed at all times in any meeting or proceeding under this policy. These expectations are applied equally to all parties and advisors. The PMI has the discretion to remove, with or without prior warning, from any meeting or proceeding an involved party, witness, or advisor who does not comply with these expectations and any other applicable PMI rules.

The individual interviews may be conducted with all participants physically present in the same geographic location, or, at PMI's discretion, with all participants joining virtually through a video conferencing option. The investigator will determine, in their sole discretion, whether parties and witnesses are likely to provide relevant information about the allegations, and has the sole discretion to determine which parties and witnesses to call to an interview. The investigator may conduct follow-up interviews as they deem appropriate.

Investigator Determination of Relevance

The investigator will determine whether parties and witnesses are likely to provide relevant information about the allegations, and has the sole discretion to determine which parties and witnesses to call to individual follow-up meetings. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance. Character evidence that is not relevant will not be considered.

Evidence Review

At the conclusion of all fact-gathering, the investigator will provide each party and their advisor the opportunity to review all relevant and not otherwise impermissible evidence gathered. In the event that an audio or audiovisual recording is shared, the recording will only be made available at an in-person and monitored meeting on campus, and will not otherwise be transmitted for review, so as to maintain the privacy of those participating in the process.

The purpose of the inspection and review process is to allow each party the equal opportunity to meaningfully respond to the evidence prior to conclusion of the investigation and to submit any additional relevant evidence, questions for parties or witnesses, or the names of any additional witnesses with relevant information. This is the final opportunity to offer evidence or names of witnesses. Evidence not provided during the investigation process will not be considered by the Decisionmaker. Given the sensitive nature of the information provided, PMI will facilitate this review in a secure manner. None of the parties nor their advisors may copy, remove, photograph, print, image, videotape, record, or in any manner otherwise duplicate or remove the information provided. Any student or employee who fails to abide by this may be subject to discipline. Any advisor who fails to abide by this may be subject to discipline in the process.

The parties will have a minimum of 5 days to inspect and review the evidence and submit a written Pima Medical Institute September 21, 2024 response in writing to the investigator. The Title IX Coordinator shall have the discretion to extend the evidence review period based on the volume and nature of the evidence.

When deemed appropriate by the investigator, the investigator shall then conduct any additional factgathering as may be necessary. If new, relevant evidence was submitted as part of evidence review, or is gathered during this second fact-gathering period, the new relevant evidence will be made available for review by the parties and their advisors. The parties shall have 5 days to provide a response to the newly-gathered evidence. No new evidence will be accepted as part of any response, except that the investigator shall have the discretion to accept relevant evidence that was not previously available or known to exist, and that was not previously discoverable with the exercise of reasonable diligence. The investigator will consider the parties' written responses before finalizing the investigation report.

Investigation Report

The investigator will prepare a written report summarizing all of the relevant evidence gathered and all steps taken during the investigation process. The investigator will also include as an attachment all relevant evidence gathered during the investigation, as well as all interview notes.

Conclusion of Investigation, Notice of Hearing

Once the investigation report is final, the report together with all attachments shall be provided to each party and to their advisor, if any, in a secure manner (e.g., by providing digital copies of the materials through a protected, "read-only" web portal). Each party shall have ten (10) days to provide a response. The response, if any, shall be provided to the Hearing Officer.

Following conclusion of the investigation, each party shall be provided with a Notice of Hearing, which shall include information regarding the date of the hearing, the identity of the Hearing Officer, the process to be used at the hearing, deadlines for submission of evidence, names of witnesses, or questions to be reviewed by the Hearing Officer to ensure they are relevant to the allegations. The hearing shall be scheduled no less than ten (10) days from the date of the Notice of Hearing.

Within three (3) days of receipt of the Notice of Hearing, either party may object to the Hearing Officer on the basis of a demonstrated bias or actual conflict of interest. Any objection is to be in writing and sent to the Title IX Coordinator. Should the Title IX Coordinator determine that there is an actual bias or conflict of interest, the Title IX Coordinator shall remove the Hearing Officer and appoint another.

Hearing Procedures

The purpose of a hearing is for a Hearing Officer to determine whether the conduct occurred as alleged, and if so, whether that conduct violates this policy. PMI expects that all individuals who participate in the hearing process do so truthfully and that all who have a responsibility for carrying out one or more aspects of the hearing process do so fairly and without prejudice or bias. Hearings may be conducted in person or via videoconferencing. The Title IX Coordinator may determine that the hearing will continue in the absence of any party or any witness.

PMI will appoint a Hearing Officer, who may be the same person as the Title IX Coordinator or investigator, who will determine whether a violation of PMI policy has occurred. The Hearing Officer shall have the authority to determine the relevance of evidence submitted, and of questions asked, to limit the time allotted to any phase of the hearing, and/or to limit the time allotted to the full hearing. The Hearing Officer shall not draw an inference about the determination regarding responsibility based solely on a party's absence from the hearing or refusal to answer questions posed.

Each hearing shall be recorded by PMI and this recording will be considered the only official recording of Pima Medical Institute September 21, 2024 the hearing. No other individual is permitted to record while the hearing is taking place. The recording is the property of PMI but shall be available for listening until the conclusion of the appeals process to complainant, respondent, their respective advisors, Hearing Officer, and Appeal Officer by contacting the Title IX Coordinator.

Prior to the Hearing

The parties and the Hearing Officer all have the right to call witnesses. Witnesses participating in the hearing must have information relevant to the allegations. Parties who wish to call witnesses must submit the name of the witness at least five (5) days in advance of the hearing.

Only witnesses who participated in the investigation will be permitted to participate in the hearing, unless the witness was otherwise unknown or not known to have relevant information during the course of the investigation. If the witness did not participate in the investigation, the party must also provide the reason the witness was not interviewed by the investigator, and what information the witness has that is relevant to the allegations. The Hearing Officer will then determine whether the witness has relevant information and if there is sufficient justification for permitting the witness to participate. The Hearing Officer may instead send the case back to the investigator to interview the newly proffered witness prior to the hearing taking place.

A list of witnesses approved by the Hearing Officer will be provided to the parties at least three (3) days prior to the hearing.

Three (3) days prior to the hearing, each party shall submit to the Hearing Officer a preliminary list of questions they wish to pose to the other party, or to a witness. If the Hearing Officer determines that any questions are not relevant or seek otherwise impermissible evidence, the Hearing Officer shall exclude the question and explain the reason for the exclusion of the question at the hearing. Questions that are unclear or harassing of the party or witness being questioned will not be permitted. The Hearing Officer must give a party an opportunity to clarify or revise any question that the Hearing Officer has determined is unclear or harassing and, if the party sufficiently clarifies or revises a question, and the question is relevant, the question will be asked.

Advisor

Each party is entitled to be accompanied by one advisor at the hearing. The role of the advisor is to assist the party with understanding and navigating the proceedings. The advisor may not advocate for, respond for, or otherwise speak on behalf of, a party during the hearing. In the event that a party does not appear for the Hearing, the advisor for that party may not participate in the hearing or submit questions to be asked on behalf of the party.

Hearing Participation Guidelines

The Hearing Officer shall have the authority to maintain order and decorum at the hearing, including responding to disruptive or harassing conduct, and when necessary to adjourn the hearing or exclude the disruptive person. In the event the Hearing Officer removes an advisor, the Hearing Officer will have the discretion to appoint another advisor for the remainder of the hearing. The Hearing Officer also has the authority to determine whether any questions are not relevant, abusive, intimidating, or disrespectful, and will not permit such questions. The Hearing Officer cannot draw an inference about the determination regarding responsibility based solely on a party's absence from the live hearing.

During the hearing, each party will be permitted to provide an introductory statement. Following introductory statements, the Hearing Officer will call parties and witnesses for questioning. The order of questioning shall be determined by the Hearing Officer. The Hearing Officer will pose questions to the parties and witnesses including the questions the Hearing Officer approved to be asked that were submitted by each party prior to the hearing. Each party will then be provided an opportunity to submit follow-up written questions to the Hearing Officer for the Hearing Officer to pose to the other party or witnesses. If the Hearing Officer determines that any questions are not relevant to the allegations, or seek otherwise impermissible evidence, the Hearing Officer shall exclude the question and explain the reason for the exclusion of the question at the hearing and offer an opportunity to the party to reframe or resubmit the question. Questions that are unclear or harassing of the party or witness being questioned will not be permitted.

Only the Hearing Officer is permitted to ask questions of parties and witnesses. Neither party may directly question the other party or witness. Advisors are not permitted to directly or indirectly question the other party or witness.

Following the questioning of parties and witnesses, each party will be permitted to provide a closing statement. An advisor is not permitted to provide a closing statement on behalf of their party.

Hearing Officer's Report

Following the hearing, the Hearing Officer shall prepare a determination report. All findings shall be made by a preponderance of the evidence, meaning more likely than not. To the extent credibility determinations need to be made, such determinations shall not be based on a person's status as complainant, respondent, or witness. The determination report will include:

- A description of the sex-based harassment and other allegations if applicable;
- A reference to the policies and procedures used to evaluate the allegations;
- Description of all procedural steps taken to date;
- The Hearing Officer's evaluation of the relevant and not otherwise impermissible evidence along with the finding of facts;
- Determinations for each allegation, with the rationale;
- Sanction determination (if applicable)
- Whether remedies will be provided;
- The procedures for an appeal.

The Hearing Officer's report shall be provided to the Title IX Coordinator. If the Hearing Officer determines that there is no finding of responsibility, the Title IX Coordinator shall communicate the findings to each party, and their advisor should the party wish the advisor to receive it, a written Notice of Outcome along with a copy of the Hearing Officer's report, to the parties, together with procedures for appeal. Past findings of responsibility relating to this policy or any other PMI policy are admissible in the sanctioning stage only.

If there is a finding of responsibility, the Title IX Coordinator shall contact the appropriate sanctioning officer who will determine the sanction and notify the Title IX Coordinator of the sanctioning determination.

The Title IX Coordinator will then provide the parties and their advisors, if any, with a written Notice of Outcome and a copy of the investigation report. The Notice of Outcome shall include:

- A statement of, and rationale for, any disciplinary sanctions PMI imposed on the respondent
- A statement as to whether remedies will be provided to the Complaint

- For the complainant, a description of any remedies that apply to the complainant
- The PMI's procedures and the permitted reasons for the parties to appeal, including identifying the Appeals Officer.
- How to challenge participation by the Appeals Officer for bias or conflict of interest, which the Title IX Coordinator will resolve in their sole discretion.

Sanctions

Sanctions can range from a written reprimand to expulsion from PMI in the case of a student, or termination from employment in the case of an employee, depending on the nature and severity of the charges.

Appeal

Dismissals of complaints and determinations made in the investigation and decision-making processes may be appealed in writing by either party. Appeals will be sent to the Title IX Coordinator, who will then send the appeal to the Appeals Officer assigned to conduct a written review of the appeal(s) and to make a final determination. Appeals must be in writing and filed within ten (10) days following the issuance of the outcome letter.

When an appeal is filed, the other party shall be notified and provided with a copy of the filed appeal within one (1) day, and have five (5) days to respond to the appeal in writing. Any party's decision not to submit a reply to an appeal is not evidence that the non-appealing party agreed with the appeal. Within three (3) days of an Appeal Officer being assigned, either party may provide written objection to the Appeal Officer on the basis of an actual bias or conflict of interest. Any objection is to be sent to the Title IX Coordinator. Should the Title IX Coordinator determine that there is an actual bias or conflict of interest, the Title IX Coordinator will appoint another Appeal Officer. Appeals may be filed only on the following three grounds:

- **Procedural Error**: A procedural error occurred would change the outcome. A description of the error and its impact on the outcome of the case must be included in the written appeal; or,
- New Evidence: New evidence or information has arisen that was not available or known to the party during the investigation or hearing, that would change the outcome. Information that was known to the party during the resolution process but which they chose not to present is not considered new information. The new evidence, an explanation as to why the evidence was not previously available or known, and an explanation of its potential impact on the investigation findings must be included in the written appeal; or
- Actual Conflict of Interest or Demonstrated Bias: The Title IX Coordinator, investigator, or others with a role in the process with an actual conflict of interest or demonstrated bias for or against complainants or respondents generally, or the individual complainant or respondent, that would change the outcome. Any evidence supporting the alleged conflict of interest or demonstrated bias must be included in the written appeal.

The Appeal Officer will make a determination regarding the appeal and communicate that decision, along with a rationale for the decision to the Title IX Coordinator who will communicate the Appeal Officer's decision to the parties. The decision of the Appeals Officer is final. Appeals should be directed as follows:

Secondary: Sandy Lopez

Email: <u>TitleIXCoordinator@pmi.edu</u> Phone: 520-327-7462 Mailing address: Pima Medical Institute, 40 N Swan Road, Suite 100, Tucson AZ 85711

The appeal Title IX Coordinator or designated PMI representative will conduct an impartial investigation that will include a review of relevant documents.

Institutional disciplinary hearings must be conducted by officials who receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the victims and promotes accountability. One or both parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence. Each party is entitled to be accompanied by one advisor at a hearing or any related meeting in which the party may attend.

The role of the advisor is to assist the party with understanding and navigating the proceedings. The advisor may not advocate for, respond for, or otherwise speak on behalf of, a party during a meeting. Notice must inform the parties of any provision in the recipient's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Further, PMI states that retaliation is absolutely forbidden and will discipline any person engaging in retaliatory conduct. Documentation will be kept of all steps of the process and PMI will take all necessary steps to train the investigators, adjudicators, etc., on the applicable laws and these procedures.

Once the outcome of the complaint or grievance has been determined, written correspondence will be provided to all parties involved as assurance that corrective measures will be taken to prevent reoccurrence of a complaint related to discrimination of any kind.

External Complaints

A party may file a complaint with the appropriate agency; each agency has specific procedures for filing a grievance. Student is advised to contact the agency directly to ensure proper filing of concern.

Dismissal of a Formal Complaint

Before dismissing a complaint, PMI will make reasonable efforts to clarify the allegations with the complainant. PMI may dismiss a complaint if:

- PMI is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in PMI's education program or activity and is not employed by PMI;
- The complainant voluntarily withdraws their complaint in writing and the Title IX Coordinator declines to initiate a complaint.
- The complainant voluntarily withdraws some but not all allegations in a complaint in writing, and PMI determines that, the conduct that remains alleged in the complaint would not constitute Prohibited Conduct under this policy; or
- PMI determines the conduct alleged in the complaint, even if proven, would not constitute Prohibited Conduct under this policy.

If the dismissal occurs after the respondent has been notified of the allegations, then PMI will notify the parties simultaneously in writing. If a dismissal of one or more allegations changes the appropriate decision-making process under these procedures, the Title IX Coordinator will include that information in the notification.

PMI will notify the complainant that a dismissal may be appealed on the basis outlined in the Appeals section. If dismissal occurs after the respondent has been notified of the allegations, then PMI will also notify the respondent that the dismissal may be appealed on the same bases. If a dismissal is appealed, PMI will follow the procedures outlined in the Appeals section of these procedures. When a complaint is dismissed, PMI will, at a minimum:

- Offer supportive measures to the complainant as appropriate;
- If the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate; and,
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that sex discrimination does not continue or recur within PMI's education program or activity.

A complainant who decides to withdraw a complaint or any portion of it may later request to reinstate it or refile it.

Recordkeeping

The school must maintain records for seven years:

- Each sex discrimination report and information including any determination regarding responsibility and any audio or audiovisual recording or transcript required.
- Any disciplinary sanctions imposed on the respondent, and any remedies provided;
- Any appeal and the result therefrom; and
- Any informal resolution and the result therefrom; and
- Any supportive measures, taken in response to a report or formal complaint of sexual harassment.

Additional Enforcement Information

The U.S. Equal Employment Opportunity Commission (EEOC) investigates reports of unlawful harassment and discrimination, including sex-based harassment, in employment.

The U.S. Department of Education, Office for Civil Rights (OCR) investigates complaints of unlawful discrimination and harassment of students and employees in education programs or activities.

For more information, contact the nearest office of the EEOC or OCR.

U.S. Department of Education Office for Civil Rights https://ocrcas.ed.gov/contact-ocr

U.S. Equal Employment Opportunity Commission (EEOC) <u>https://www.eeoc.gov/contact-eeoc</u>

Personally Identifying Information

PMI will ensure that the Reporting Party's personally identifying information will not be included in any publicly available recordkeeping, including Clery Act reporting and disclosures such as the Annual Security Report and the daily crime log.

Personally identifying information is defined in Section 40002(a) of the Violence Against Women Acts of 1994 as individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault or stalking, regardless of whether the information in encoded, encrypted, hashed or otherwise protected.

Victim's Services

PMI does not offer on-campus victim's services; however, all students are encouraged to visit the student services department to receive information on services available in the community. Some of those services include:

- Domestic Violence Resource Center
- Office for Victims of Crime
- <u>Community Legal Services</u>

Sex Offender Registration

In accordance to the *Campus Sex Crimes Prevention Act of 2000* which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, PMI provides the following link to state Sex Offender Registries. <u>https://www.nsopw.gov/</u>

THE FAMILY EDUCATION RIGHTS AND PRIVACY ACT INFORMATIONAL GUIDELINES

The Family Educational Rights and Privacy Act (FERPA) of 1974 protects the privacy of student education records. The Act defines an "eligible student" as a student who has reached 18 years of age or is attending an institution of postsecondary education. The Act defines "parent" to mean a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian. An educational agency or institution shall give full rights under the Act to either parent, unless the agency or institution has been provided with evidence that there is a court order, State statute, or legally binding document relating to such matters as divorce, separation, or custody that specifically revokes these rights. When a student becomes an eligible student (turns 18), the rights accorded to, and consent required of, parents transfer from the parents to the eligible student. Under FERPA, parents and eligible students have the following rights:

The right to inspect and review the student's education records within 45 days of Pima Medical Institute (PMI) receipt of a request for access. A parent or eligible student should submit to the Campus Director a written request identifying the record(s) the parent/eligible student wishes to inspect and review. The school official will make arrangements for access and notify the parent/eligible student of the time and place where the records may be inspected. If the parent/eligible student is logistically unable to inspect and review the records at that time, PMI will make other arrangements to ensure the parent/eligible student is able to inspect and review the requested records.

The right to request the amendment of the student's education records that the parent/eligible student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

If a record is believed to be inaccurate, a parent/eligible student should submit a written statement to the Campus Director that clearly identifies the part of the record(s) in question and specify why it is believed to be inaccurate, misleading, or otherwise in violation of a student's privacy rights.

PMI will notify the parent/eligible student of the decision to amend or not amend the record within 30 days

of receiving the parent's/eligible student's request for amendment. Should PMI decide not to amend the record as requested by the parent/eligible student, the parent/eligible student will be informed of their right to a hearing regarding the request for amendment and be provided with information regarding hearing procedures.

The right to provide written consent before Pima Medical Institute discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. Exceptions that permit disclosure without student consent include the following:

- school officials with legitimate educational interests (persons employed by PMI in administrative, supervisory, academic or research, support staff positions including law enforcement unit personnel and health staff);
- persons or companies PMI has contracted with (such as an attorney, auditor, or collection agent);
- students serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks; and
- (upon request) officials of another school in which a student intends to enroll.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for PMI.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Pima Medical Institute to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202

Directory Information

FERPA permits public disclosure of directory information without the parent's/eligible student's consent unless the parent/eligible student has requested that directory information be withheld. Directory information is information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. FERPA requires each institution to define its directory items. PMI defines the following as directory information:

- Student name
- PMI email address
- Photograph
- Campus
- Field of study
- Dates of attendance
- Grade level
- Enrollment status
- Degrees
- Honors & awards

PMI does not publish a student directory. A student's directory information may be released to an inquirer,

unless the student specifically requests that directory information be withheld. FERPA does not require that directory information be released. Parents or eligible students may elect to withhold directory information by completing and signing the Request to Withhold Directory Information form, which places the student record in a confidentiality hold status.

This form is available in the student services office. A request to withhold directory information is in effect permanently, even if the student is no longer enrolled at PMI. A request to withhold directory information results in the following:

- Student name and program information will be excluded from all printed public documents and other similar printed material, such as commencement programs;
- Enrollment and degree-awarded inquiries from third parties, including potential employers and insurance companies, will neither receive a confirmation of enrollment nor graduation; and
- No information will be released to any person(s) on the telephone or via email.

A student's request for withhold of directory information does not permit the student to be anonymous in the classroom (including an online classroom) nor to impede or be excluded from classroom communication. A student's request for withhold of directory information does not preclude the student from having a student identification (ID) number. The directory information withhold can be removed if the parent/eligible student submits a written request for removal.

Release of Nondirectory Information

Students may provide consent to release nondirectory information (financial and academic records) to designated third parties by completing a FERPA Release Consent in the student portal or by contacting the student services office. The release remains in effect until the consent is revoked in writing and the revocation is delivered to PMI.

COPYRIGHT INFRINGEMENT & COMPUTER SHARING

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading, uploading, and/or sharing substantial parts of a copyrighted work, without authority or permission, constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

Unauthorized Sharing

The Digital Millennium Copyright Act (DMCA) is a federal law that is designed to protect copyright holds from online theft, which is the unauthorized distribution of copyrighted material is the unlawful reproduction or distribution of others works. The act covers music, movies, text and anything that is copyrighted. These provisions are designed to reduce the illegal uploading and downloading or copyrighted works through peer-to-peer file sharing. Sample violations include:

- Forwarding, downloading and saving, or copying copyrighted material through any electronic or physical medium (e.g., email, text, thumb drive).
- Joining a file share network and downloading unauthorized copies of copyrighted material.

A list of legal alternative downloading options is available through the PMI website or through the Dean of

Instruction.

PMI Computing Resources

Computing resources include all computers, related equipment, software, data, and local area networks for which the school is responsible as well as networks throughout the world to which the school provides computer access.

The computing resources of Pima Medical Institute (PMI) are intended to be used for its programs of instruction and research and to conduct the legitimate business of the school. All users must have proper authorization for the use of the computing resources. Users are responsible for complying with all legal and ethical guidelines of PMI computing resources. Users have a responsibility to respect the privacy, copyrights, and intellectual property rights of others. Use must be in accordance with school policy and applicable state and federal laws. Violations include but are not limited to the following:

The use of computing resources to:

- harass, threaten, or cause harm to individuals,
- interfere with the activities of others, and/or
- download or post material that is offensive, illegal, proprietary, and/or in violation of copyright laws.

In instances of copyright infringement or prohibited file sharing, PMI will take disciplinary action if there is evidence of one or more violations, which may include termination from the program and/or employment. If a complaint is received, Information Technology Services will disable network access for the listed device and attempts to identify the owner to inform them about the complaint. If the owner believes the complaint to be inaccurate, they will be given the opportunity to contest the finding when they meet with student services or their department.

Sanctions

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work, without authority or permission, constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or statutory damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For willful infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

For more information, please see the website of the U.S Copyright Office.

Students and faculty will receive an annual notice of this policy. The PMI Corporate Education Department, Regulatory Department, and Information Technology Department will periodically review this policy, the institution's plans for the unauthorized distribution of copyrighted material, and the legal alternatives for downloading. Students and faculty will then be notified of the results of the review.

CLERY ACT REPORTABLE CRIMES/DEFINITIONS

The following information comes from the Department of Education's Handbook for Campus Safety and Security Reporting (2016); Uniform Crime Reporting Handbook; Sex Offenses definitions from the National Incident-Based Reporting System Edition of the Uniform Crime Reporting Program; and definitions of domestic violence, dating violence and stalking adapted from the amendments made to the Violence Against Women Re-Authorization Act of 2013.

Hierarchy Rule

When counting multiple offenses, PMI uses the FBI's Uniform Crime Reporting (UCR) Hierarchy Rule. This rule requires counting only the most serious offense when more than one offense was committed during a single incident.

Unfounded Crimes

Crimes that were "unfounded" are excluded from these statistics. Only sworn law enforcement can unfound a crime and unfounded crimes only include those that were investigated by law enforcement authorities and found to be false or baseless.

Criminal Offenses

Murder/Non-negligent Manslaughter: the willful (non-negligent) killing of one human being by another. **Manslaughter by Negligence**: the killing of another person through gross negligence.

Sexual Assault (Sex Offenses): Actual or attempted sexual contact with another person without that person's consent.

Rape: The penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, includes instances where the victim is incapable of giving consent because of his or her age or because of his or her temporary or permanent mental incapacity.

Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Robbery: the taking or attempting to take anything from value of the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear. **Aggravated Assault**: an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary: The unlawful entry of a structure to commit a felony or a theft.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle.

Arson: The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Violence Against Women Act (VAWA) Offenses

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered a crime for purposes of Clery Act reporting.

Domestic Violence: A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others; or suffer substantial emotional distress. For the purposes of this definition, *course of conduct* means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. *Reasonable person* means a person under similar circumstances and with similar identities to the victim. *Substantial emotional distress* means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling.

Arrests and Referrals for Disciplinary Action

Weapon Law Violations: The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature.

Drug Abuse Violations: Violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

Liquor Law Violations: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

Hate Crimes

A hate crime is not a separate, distinct crime, but is the commission of a criminal offense, which was motivated by the offender's bias. If the facts of the case indicate that the offender was motivated to commit the offense because of his or her bias against the victim's race, religion, ethnicity, national origin, gender, gender identity, sexual orientation, or disability, the crime is classified as a hate crime.

Larceny-Theft: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person does not have physical custody or possession, but in a position to exercise dominion or control over a thing.

Destruction/Damage/Vandalism of Property: To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

The Annual Campus Safety and Security Report Availability

The following communication will be sent annually, prior to October 1st, via school e-mail to all students and staff.

Pima Medical Institute's annual security report is now available. This report is required by federal law and contains policy statements and crime statistics for the school. The policy statements address the school's policies, procedures and programs concerning safety and security.

Three years' worth of statistics are included for certain types of crimes that were reported to have occurred on campus, in or on off-campus buildings or property owned or controlled by the school and on public property within or immediately adjacent to the campus. Notification, Evacuation, Health, Safety and Security information can be found in this report.

This report is available on the school website, www.pmi.edu and a printed copy of the report is available at your campus' front desk upon request.
