

San Antonio, TX Campus

Radiography Program Mission Statement

It is the mission of our program to graduate students with the entry-level employment skills required of a Radiologic Technologist. Students will graduate to be successful radiographers who can safely and competently perform radiographic exams as specified by ARRT guidelines.

Radiography Program Goals

Goal 1: Students will demonstrate clinical competence.

Goal 2: Students will demonstrate critical thinking and problem solving skills.

Goal 3: Students will demonstrate effective communication skills.

Student Learning Outcomes

Goal 1 Outcomes:

1. Students will demonstrate understanding of radiation safety concepts and will apply those concepts to observe ALARA.
2. Students will demonstrate knowledge and comprehension of appropriate safety techniques.

Goal 2 Outcomes:

1. Students will demonstrate problem solving and critical thinking skills in the area of image evaluation criteria.
2. Students will demonstrate ability to adjust and modify radiographic procedures to obtain diagnostic quality on radiographic images.

Goal 3 Outcomes:

1. Students will demonstrate effective patient communication skills.
2. Students will demonstrate professional behavior and effective interpersonal communication skills with peers.

Institution Name: Pima Medical Institute - San Antonio

Program Type: Radiography

Degree Type: Associate

Program Effectiveness Data

The following is the most current program effectiveness data. Our programmatic accreditation agency, the Joint Review Committee on Education in Radiologic Technology (JRCERT), defines and publishes this information. [Click here](#) to go directly to the JRCERT webpage.

Credentialing Examination: The number of students who pass, on the first attempt, the American Registry of Radiologic Technologists (ARRT) certification examination, or an unrestricted state licensing examination, compared with the number of graduates who take the examination within six months of graduation. The five-year average benchmark established by the JRCERT is 75%.

Credentialing Examination Rate	number passed on 1 st attempt divided by number attempted within 6 months of graduation
Year	Results
Year 1 - 2024	1 of 1 - 100%
Year 2 - 2025	of - 0%
Year 3 - 2026	of - 0%
Year 4 - 2027	of - 0%
Year 5 - 2028	of - 0%
Program 5-Year Average	1 of 1 - 100.0%

Job Placement: The number of graduates employed in the radiologic sciences compared to the number of graduates actively seeking employment in the radiologic sciences within twelve months of graduating. The five-year average benchmark established by the JRCERT is 75%.

Job Placement Rate	number employed divided by number actively seeking employment within 12 months of graduation
Year	Results
Year 1 - 2024	2 of 2 - 100%
Year 2 - TBD	of - 0%
Year 3 - TBD	of - 0%
Year 4 - TBD	of - 0%
Year 5 - TBD	of - 0%
Program 5-Year Average	2 of 2 - 100.0%

Program Completion: The number of students who complete the program within the stated program length. The annual benchmark established by the program is 70% .

Program Completion Rate	number graduated divided by number started the program
Year	Results
Year 1 - 2024	3 of 3
Annual Completion Rate	100.0%
